

The African American Catholic Center for Evangelization

presents The Sister Thea Bowman Music Academy

The Sister Thea Bowman Music Academy is an AACCFE youth outreach program. As music played a major role in Sr. Thea Bowman's life and ministry, the Academy seeks to utilize music as a tool to teach through discipline practices and prayerful performances an appreciation for Christian values and Catholic Social Ministries so as to assist its members in making better life choices. The primary goal of the Academy is to help the members to become who God intended them to be. The core activities are: Music, Dance, Drama and Stage Production.
